Minitrunking

Minicanales *Minitrunking*

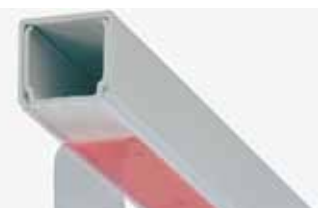

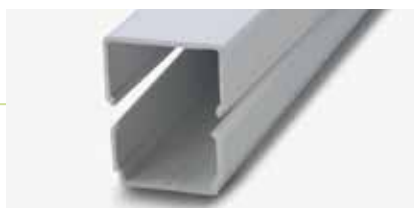

Nuestras minicanales Famatel ofrecen una amplia gama de medidas con o sin tabique divisorio, lo que permite seleccionar el modelo idóneo para cualquier instalación. Su diseño rectangular ofrece una alta resistencia al impacto, manteniendo la máxima seguridad en el cierre y evitando así accidentes fortuitos.

Famatel offers a wide range of trunking with and without dividing walls which allows to select the perfect type for each installation. Its rectangular design provides a high resistance to the impact keeping the maximum safety in the closing system and avoiding fortuitous accidents.
